

## SCC is now booking for 2010

2009 has exceeded expectations and business has been brisk. This year has been a combination of repair work and major home improvement projects. Call or email today to discuss your home improvement needs for 2010. My office number is 610-285-2304.

### THANKS AND A YEAR END REMINDER:

I would like to thank everyone for your continued loyalty and patronage. Your support has kept SCC moving forward through 2009. I am committed to providing you the best service and highest quality workmanship with a drive to improve wherever I can.

Don't forget that everyone who signs a contract with SCC is eligible to win \$250 in our annual customer appreciation day drawing on December 31, 2009. It's just my way of saying thanks for your business!!!

## LMT Master Bath Renovation:

This project consisted of the complete demolition of the existing master bath as well as the elimination of the adjoining walk in closet.

The space was transformed from a confining, poorly lit bathroom, to a spacious, well laid out and functional master bath.

The improvements included the elimination of soffits and old tile walls and floors, and the addition of a new custom designed full tile shower with glass walls and a double vanity with black granite top.

The floor is a heavy natural stone tile and the lighting was upgraded to provide a warm inviting atmosphere.

Shoer fixtures were antique nickel Moen Kingsley as are the facets paired with Kolher lav sinks.

The dramatic improvement in appearance and functionality was worth the considerable effort put into this excellent remodel.

Some of you may be wondering, when is the right time to take care of home improvements? You may also be wondering what the best projects to tackle would be in a difficult economy. SCC can help you with these questions. **Call us today at 610-285-2304 for a free consultation. PAHIC # 001179.**

Remember to visit our web site. The new site was professionally designed by WebScope Designs and is much more user friendly. The site features fresh content, lots of photos, company history and much more.
