## *Sheaffer Custom Contracting LLC Testimonials*

Les, we are so happy with the kitchen and floors, I love it! And the basement windows look great. Thanks as always for a great job.

"Les, now that your work is completed on our sunroom project, since I didn't get a chance to thank you in person, I wanted to drop you a short note to thank you for an excellent project. We have heard many horror stories from friends about trouble that they have had on projects with building contractors. Our experience with you has been quite the opposite. Your excellent craftsmanship, use of quality materials, attention to detail, flexibility and timeliness were all very much appreciated. We particularly liked the open communication, keeping us informed every step of the way. Should the opportunity arise, I would not hesitate to recommend you to a friend."

"Les...it never ceases to amaze me! We start with a nagging problem...poor layout, electrical issues, a leak here and there....finally decide to go after it and resolve the issues...and end up with an absolute gem! I am in awe tonight as I look at my new space and feel so blessed to have you here not only to resolve the leak issue but to have had you give me more peace of mind than I could imagine. No longer do I have to fight a mish-mash of business and personal items, your idea to consolidate both rooms was pure genius. Thanks again for another successful collaboration."
